

HLN invites you to a series of workshops based on the

# Foundations of Grazing Management

## Topics will include:

### Understanding pasture assessment

Estimating herbage mass, digestibility and the impact of pasture composition on animal performance.

### Understanding animal nutrition

Estimating condition score of animals and the energy and protein requirements of different classes of livestock.

### Implementing grazing strategies

Different grazing tactics, developing a feed budget, managing ground cover, meeting production targets and contingency planning.

## Session 1: 3rd of May at Holbrook CTC

8.30am - 11.30am

*(3 further sessions will be on farm - dates/venue to be confirmed)*

To RSVP for these workshops please contact Phoebe at the HLN office or
